HIGHLIGHTS

WINS

Key highlights from the last 11 months

- ✓ **Aus Fitness Expo Launch — BJ Stone Collab**
Successful brand activation at Australia's largest fitness expo with strongman athlete BJ Stone driving foot traffic and brand credibility
- ✓ **Sarah's Day Partnership (1.2M IG followers)**
High-profile influencer collaboration generating organic reach and social proof for Nike Strength in the AU fitness market
- ✓ **1,803% revenue growth in 11 months**
From \$4K (May) to \$93K peak (Dec) — brand established rapidly with \$559K total revenue
- ✓ **575K page views across Nike Strength pages**
40% driven by paid social (Meta/YouTube), validating brand investment. Organic search at 6.5% — runway to build earned traffic
- ✓ **Bumper plates margin leader at 29.6% GP**
\$97K revenue with the strongest margin in the range — validates premium positioning

BJ STONE — AUS FITNESS EXPO
LAUNCH

ATTENTION AREAS

CHALLENGES

Key areas requiring support and strategic focus

**Brand awareness — 'Nike the strength equipment brand'**

Consumer confusion between Nike (apparel) and Nike Strength (equipment). 71% of traffic is paid — organic search only 6.5%. Dedicated brand investment and MDF needed to build organic demand.

**Margin pressure on dumbbells + domestic freight**

Dumbbell category drives 33% of revenue but only 7.2% GP margin. Domestic freight costs on heavy products squeezing margins further.

**KVD / Grind SKU margin through the chain**

Need support ensuring adequate margin on KVD SKUs (Grind) across the distribution chain — current pricing leaves limited room for all parties.

MARGIN BY CATEGORY

Dumbbells	\$182K	7.2%
Bumper Plates	\$97K	29.6%
Barbells	\$74K	12.3%
Power Racks	\$55K	17.2%
Storage	\$47K	18.8%

Improving dumbbell margin by **5 points** would add ~\$9K to GP.

STRATEGY

PLANS & PRIORITIES

Nike Strength growth strategy — next 6 months

STRATEGIC FOCUS

Shift from conversion-only to brand building — investing in impressions, awareness, and digital presence to establish Nike Strength as a standalone destination brand in AU.

⚡ DIGITAL-FIRST

- Dedicated \$200K annual brand budget — 3x uplift from \$6.5K/month
- 70% Social (Meta 70% / YouTube 30%) for awareness
- 30% Product seeding at landed cost — UGC + influencer
- 10 new content pieces per month

🕒 CONTENT & EXPERIENCE

- Experience Centre — dedicated showroom for content production
- Continue high-profile collabs: BJ Stone, Sarah's Day
- Aus Fitness Expo activations and event content capture
- 180-day measurement window: awareness → conversion

\$ COMMERCIAL

- Wholesale autonomy: standalone brand, GAF as primary partner
- Dedicated 'Nike Fund' for discounting — decoupled from sales KPIs
- Digital marketing handles B2C, freeing sales for commercial/B2B

PARTNERSHIP

SUPPORT NEEDED

Key requests to accelerate ANZ growth

MDF SUPPORT — PRIORITY REQUEST

Co-invest in \$200K annual digital strategy. GAF committing significant budget to build Nike Strength as a top-of-funnel destination brand — MDF accelerates the 180-day awareness-to-conversion pipeline.

% PRICING & MARGIN

- KVD / Grind SKU margin review across distribution chain
- Domestic freight cost relief on heavy products
- Dumbbell pricing strategy — 33% of revenue at only 7.2% GP
- Volume-based pricing tiers to improve margin at scale

⚡ MARKETING ASSETS

- Global Nike Strength brand assets for AU campaigns
- Product seeding budget at landed cost for UGC
- Co-branded creative templates for Meta and YouTube
- Athlete/ambassador content rights for AU activations

🎯 STRATEGIC PARTNERSHIP

- Joint business plan with aligned ANZ revenue targets
- New product roadmap visibility — first-mover in AU
- Quarterly review cadence for 180-day measurement window
- Support building Nike Strength as a 'pull' brand for retailers

FINANCIAL CONTEXT

Projected Sales: **\$1.75M**

Projected GP: **\$400K**

Brand Spend: **\$200K** (50% of GP reinvested)
